

US EPA ARCHIVE DOCUMENT

**Overview of EPA's Interim Implementation Guidance  
Ozone Program**

**Sharon Reinders  
Office of Air Quality Planning and Standards  
U. S. Environmental Protection Agency**

**September 23, 1998**

*What did the Interim Implementation Guidance do ...*

## Road Map on Implementing the 1-Hour Ozone Standard

- **Revocation of 1-Hr Ozone NAAQS**
- **Rate of Progress Emission (ROP) Reductions**
- **Substitutions for ROP**

## IIG ..... Overview

- ▶ Issued December 1997
- ▶ Reflects Presidential Directive of July 1997
- ▶ Grounded in retention of the old 1-hour Ozone NAAQS & Subpart 2 of the CAA
- ▶ EPA determines attainment - Revokes 1-hour applicability when area has clean air quality
- ▶ Subpart 1 governs implementation for new 8-hour Ozone NAAQS
- ▶ No backsliding -- Maintain momentum of existing programs while moving forward to develop plans for new 8-hour NAAQS

Where does the 1-Hour NAAQS still remain ....

## Areas Where 1-hour Ozone Standard No Longer Applies

(file=03-rev)

## Points to Remember ...

- ▶ **1-hour NAAQS applies until EPA makes a determination and revocation**
- ▶ **Few 1-hour program changes -- No backsliding -- Subpart 2 applies until revocation**
- ▶ **Reclassifications continue where 1-hour NAAQS applies**
- ▶ **ROP for reducing emissions continues ... area for counting reductions expanded to 100 or 200 km outside the nonattainment area for flexibility in obtaining progress**
- ▶ **Sanctions & Findings continue**
